

## AAMA 624 Voluntary Paint Specification

---

### Beechworth Windows

To whom this may concern:

Beechworth windows are painted with a superior polyurethane enamel. Our finished product has been tested in an accredited laboratory and certified per AAMA 624 "Voluntary Specification, Performance Requirements and Test Procedures for High Performance Organic Coating on Fiber Reinforced Thermoset Profiles"

Test report is available upon request.

Sincerely,

Dale Knox  
R&D Director  
Beechworth Windows
